# Import Promotion Desk (IPD)

Connecting sustainability and innovation: Unique tourism products for the European market

The majority of travellers from Germany and Europe express the desire to travel in a way that is not only environmentally friendly, but also in tune with the cultural essence of the host country. To meet these customer expectations, European tour operators need reliable local partners.

Import Promotion Desk (IPD), the German initiative for sustainable tourism promotion, supports you here. We connect you with carefully selected tourism companies from developing countries. Our services are neutral, quality-conscious and free of charge.

**Sri Lanka** is the latest partner destination in the IPD portfolio.

Together with the destinations **Ecuador, Nepal,**

**Tunisia and Uzbekistan** IPD can offer a variety of innovative products from niche to full DMC services.

At wtm London 2024 we will be presenting 18 partner companies introducing their unique products to the European market.

Among them, we will be also presenting one company from **Malawi** that is supported by GIZ.

On the following pages you will find detailed information about the recommended tourism businesses. All IPD companies are thoroughly evaluated and have been trained on the requirements of the European travel market. Our partners' travel offers are customised for the European market, distinct from mass tourism, and sustainable in their philosophy.

Visit us at wtm London **Booth S3-610** and check out the innovative tourism products for yourself!

# Sawa Taste of Tunisia

Booth S3-610

Sawa Taste of Tunisia was created in 2023 by a Canadian anthropologist and quadrilingual Tunisian hospitality, tourism and events professional who gave up an international career to live on a rural homestead in Tunisia.

United by a shared passion for delicious food and local flavours, commitment to cultural understanding, and desire to promote small family, female-run projects, Jamie and Lamia's goals are to delight your taste buds and put sunshine in your heart and on your plate. Sawa brings Tunisia the recognition it deserves on the map of Mediterranean cuisine, and uses food as an entry point for exploring Tunisia's culture, history and contemporary transformations.

They personally curate and guide each of their multi-day culinary experiences, which feature cooking classes and workshops, tastings of typical products (harissa, olive oil and wines), guided market tours and gourmet walks.
